

CARL F. BUCHERER

MANERO FLYBACK

A MODERN TAKE ON A RETRO STYLE

The striking chronograph with flyback function inspired by the 1960s and 1970s highlights the retro style of the whole collection even more.

Carl F. Bucherer is expanding its successful Manero Flyback collection of six unique luxury watches by adding a new retro-style version. The latest addition features a bold yet subtle combination of colours in the form of a deep black dial with silver-coloured subdials. Slender touches of red complete the harmoni-

ous contrast. The retro style continues onto the contemporary strap. The suede finish of the golden brown kudu-leather strap gives it an extremely natural appearance while ensuring optimum comfort for the wearer. The impressive timepiece houses the intricate CFB 1970 chronograph calibre featuring the eponymous flyback function.

Strongly committed to embracing its rich heritage, Carl F. Bucherer launched a global campaign last year featuring the slogan "Wherever time takes you, Lucerne travels with you." Those with a truly global network who feel at home around the world value the Manero Flyback as a stylish ambassador of the city of Lucerne – a little piece of home that accompanies them wherever they go.

Movement: Automatic, CFB 1970 calibre, diameter 30.4 mm, height 7.9 mm, 25 jewels, power reserve 42 hours.
