

# MING

## 19.05

### HOROLOGICAL REVELATION

MING, which was recognised with the Revelation prize at last year's GPHG, is a creative collective of six watch enthusiasts from around the world, under the leadership of Ming Thein. The 19.05 model – the independent brand's "farewell" to the 19 series of flagship watches – is powered by a skeletonised Schwarz-Etienne for MING Calibre ASE200.1 with micro-rotor winding, hand-polished anglage, rose gold coating and a 72 hour power reserve. It comes with a unique solid sapphire dial that can switch from inky black to a mirror reflection, and a grade 5 titanium case. The 19.05 is limited to 15 pieces and priced at CHF 9,950. Refined, pure, elegant.
