

ANTHONY BONJA CREATIVE TIMEPIECES

For more than 40 years now, Anthony Bonja has continued to astonish the world with breathtaking new designs of watches and unique pieces of jewellery. Since 1974, more than 150 watches have been created to amaze the eyes of the clientele and to embrace the distinctive world of luxury timepieces. When every single art creation is driven by passion and inspired by the power of time and professionalism, it always attracts collectors and amateurs from all over the world to appreciate the value of each item.

PRINCESS WATCH

Based in Lebanon, Anthony Bonja embarked three years ago upon the creation of his new art invention in collaboration with the international jewellery expert Aaron Shum known for his "Coronet" line. The result of this partnership was crowned a "Princess" to stand proudly among all watches, set with an 18 karat white gold coronet that holds seven diamonds rotating in harmony with time under the crown of luxury. A not-to-be-missed watch that shines with elegance to match the strong character of a real princess.
