

Europa Star Special Edition for USA and Canada.

USA & CANADA - 6 x per year - English

Based on the same concept as the edition for China, the US edition of Europa Star provides the world watch news to the global North American distribution network through print and e-media. The special advertising edition circulates bi-monthly to 30,000 National Jeweler US retailers and distributors and is read by more than 150,000 yearly visitors to the europastar website in North America. Europa Star US edition and europastar.com bring the Swiss and global perspective of the international watch brands and their activities to America, the world's largest single market. The US edition coupled with europastar.com is a must-read for all professional trade retailers and watch distributors in North America.
